ABOUT ME

As a CSE undergraduate, I am skilled in MERN stack development and problem-solving. Proficient in modern web technologies, JavaScript frameworks, and core programming concepts. I strive to contribute effectively to a dynamic team while continuously expanding my knowledge.

SKILLS

- **Technologies :** C, C++, HTML, CSS, JavaScript, ReactJS, NextJS, Typescript, NodeJS, ExpressJS, MongoDB
- **Tools :** Git, GitHub, Postman, VS Code
- **Soft-Skills :** Problem-solving, Time management, Teamwork

EXPERIENCE

Full Stack Developer Intern - Bharti Soft Tech Pvt. Ltd.   *May 2025 - June 2025*

- Developed a full-stack Resume Builder web application with responsive design using the MERN stack, featuring secure user authentication and dynamic resume templates.
- Focused on delivering a clean, user-friendly interface and seamless UX to enable users to easily create, customize, and download professional resumes.

Freelance Developer - Self-Employed   *May 2025 - Present*

- Successfully delivered a custom ERP platform, custom Landing page and more, featuring secure user authentication, a user-friendly custom interface, and tailored features. Continuously expanding my portfolio by taking on new and diverse projects.

PROJECTS

EatEasy - (🔗Repo Link)   *Aug. 2024 - Sept. 2024*

- Technology Stack - MongoDB, ExpressJS, ReactJS, NodeJS, CSS
- EatEasy is an e-commerce food ordering website where users can explore and order food. It features user authentication, a cart system, payment processing, and an admin panel for managing orders, food products, and categories.

JobDekho - (🔗Repo Link)   *Feb. 2025 - March 2025*

- Technology Stack - MongoDB, ExpressJS, ReactJS, NodeJS, Tailwind CSS
- JobDekho is a job portal where users can search & apply for jobs, track applications, and filter by category & location. It includes Clerk authentication and lets recruiters post jobs and manage applications.

ACHIEVEMENTS

- 2 star at CodeChef (🔗priyanshu_2109)
- 180+ Problems Solved on LeetCode (🔗Priyanshu_2109)

EDUCATION

Charotar University of Science and Technology , Anand , Gujarat   *2023-2027*

- B. Tech (Computer Science and Engineering - 4th Semester)
- CGPA: 9.08 / 10 (Current)

CO-CURRICULAR

Web Team Member – AWS Cloud Club   *June. 2025 - Present*

- As part of the AWS Club's web team, I contribute to designing, developing, and maintaining the club's web platforms. I support and contribute in event-driven development.

Head of Innovation and Incubation - E-Cell Charusat   *July. 2025 - Present*

- E-Cell is Asia's largest student-run entrepreneurship cell, fostering creativity and leadership among students. Leading university-level initiatives to promote innovation, startup incubation, and entrepreneurial growth.

Club Lead - GrowWithGit Club   *July. 2025 - Present*

- GrowWithGit is an on-campus club that helps students learn Git, GitHub, and open source contributions through workshops. My role is to mentor fellow students, organize sessions, and support members.
